

Kids Shoe Sizing Chart

For shoe accuracy, we recommend printing this document on A4 (297mm x 210mm) paper at 100% [full size]

Find your kids size

Place your child's heel along the solid line at the base of the chart. Have your child put their weight on the foot being measured and make sure all toes are relaxed. The line that touches the longest toe indicates the correct size. The shorter lines in between indicate half sizes. Since one foot is often larger than the other, make sure you measure both feet. You should purchase the size that fits the largest foot.

Size Conversion

UK	11	12	13	1
USA	12	13	1	2
EUROPE	31	32	33	34

Accuracy Check:

To ensure correct printing size, place a credit card here. If it fits, the chart has printed correctly. (85mm x 54mm)
